No. 87. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 8th December 1859, No. 8129.

1 Letter No. 167 from Mr. Kennedy, 10th November 1859.
1 Bill in duplicate.
1 Letter from Mr. Kennedy, No. 182.

By order of the Honorable the Governor communicated through Colonel A. Cotton.

I have the honor to forward for submission to Government, the accompanying contingent bill, amounting to Rupees 85-12-0, being the cost of removing a model boat from the Adaiyár to the Kúam.

2. In a letter No. 6290, dated 18th October last, the District Engineer, Chingleput, was instructed to direct Mr. Kennedy, Assistant District Engineer, to send by sea to Madras the model boats in use in the southern canal, and as the Adaiyár bar was open, Captain Moberly was informed that the boats might be hauled over the beach into the Kúam.

3. On the 10th ultimo, Mr. Kennedy, Assistant District Engineer reported to this office, that the efforts put forward for taking the boats over the bar had proved altogether fruitless. By means of trucks, however, which were procured, and with great difficulty, the parties engaged in the work succeeded in removing the smaller boat to the Kúam, which it was found altogether impracticable to do with the larger one, in consequence of which it has been brought back to Mr. Kennedy's work sheds, to be caulked and used in transporting the canal stores from Sadras to the Adaiyár.

4. The foregoing bill, amounting to Rupees 85-12-0, has been examined in the Central office with the vouchers which accompanied it, and has been found to be correct. I would, therefore, recommend the same for the sanction of Government.

No. 88. ORDER THEREON, 15th December 1859, No. 2919.

The contingent bill amounting to Rupees (85-12-0) eighty-five and annas twelve submitted with this letter is sanctioned.
