G.O. No. 35 Press / Mis.

Dated 18 37.

**Not to be folded or roughly handled**

*Fort Saint George, Public Works Consultation of 11th January 1859.*

No. 8. Read the following letter from Lieutenant-Colonel E. LAWFORD, Officiating Chief Engineer; to W. H. BAYLEY, Esq., Acting Secretary to Government, dated 23rd December 1858, No. 6577.

SIR,

Referring to Extract Minutes of Consultation of the 27th April 1857, No. 796, I have the honor to report that the Venerable the Archdeacon having intimated that the addition proposed to be made to the Burial Ground at Poonamallee for the interment of Christians not members of the Church of England, was indispensable, that about 150 feet square would be required for this purpose and that the low ground in the present Cemetery should be properly levelled and drained, the District Engineer of Chingleput was requested to submit a Plan and Estimate of the cost which the adoption of the suggestions of the Archdeacon would involve.

2. On the 17th August 1857, the District Engineer complied with these instructions; but as the estimate was received soon after the issue of the restrictive orders of Government, it was thought proper to defer its submission Sine die, and the subject was afterwards lost sight of. Considering its detention any longer unadvisable, I beg to submit it with the plan for the information of Government with reference to their orders of the 27th April 1857, and to recommend that sanction may be granted for the entry of the work in the Budget of 1860-61, the estimate having been examined and found sufficient.
