No. 69.

Extract from the Minutes of Consultation under date the 17th February 1859.

Read the following Extract Minute of Consultation in the Public Works Department.

Referring, for consideration, copy of a letter from the Chief Engineer, containing his opinion regarding a disputed Plan for a Chancel to the Church lately built at Nellore. (Dated 5th February 1859, No. 309.)

Order.—Of the two Plans submitted for a Chancel to the Church at Nellore, that originally prepared by the District Engineer and sanctioned by Government in Extract Minute of Consultation, 19th July 1858, No. 240, has the advantage in an Architectural point of view, and to that Plan the Government would accordingly give the preference. Before, however, definitively disposing of the matter, they resolve to forward the Plans, together with the present correspondence, to the Right Reverend the Lord Bishop for any remarks that he may wish to offer upon the subject.
