Fort Saint George, Public Works Consultation of 8th March 1859.

No. 75. Extract from the Minutes of Consultation under date the 7th March 1859, No. 513.
Read list of papers disposed of by the Chief Engineer, during the week ending 12th February 1859.

✓ Order No. 7700.

1. The Chief Engineer is requested to lay the correspondence respecting Conductor Palmer and Overseer McDonough before Government.

From District Engineer of
Madura, dated 1st January
1859; recorded on 8th
February 1859.

✓ No 7771.

2. *Preeney*, in the purport appears for *Péranai*; It is better to translate these terms when practicable thus "Greater and lesser Annicut" might have been written instead of *Péranai* and *Chittanai*. The Government must remark however that more care is necessary in the spelling of native names and words, in the Chief Engineer's Office than is now displayed. As an example of a strange contortion "*Jackondy*" in the purport of the letter on which the order noted marginally was passed is written instead of Narkoondy, or more correctly Narkundi.

✓ Order 7763, on letter from
District Engr. North Arcot,
dated 2nd February 1859.

3. The Governor in Council desires to see these papers: and Colonel Faber is requested to reconsider his absolute prohibition of the transmission of original documents. To require the invariable submission of Copies is apparently entailing much unnecessary trouble on the subordinate Offices.

From Acting Garrison Engr.
dated 3rd February 1859.

Central Office order No.
✓ 7835.

4. *Errata*. For *Trunks*, in the purport of the first letter marginally noted, read Tanks; and in the purport of Extract Minutes Consultation No. 316, dated 5th February 1859, for *informed* read *enforced*.

(Signed) J. D. BOURDILLON,
Secretary to Government.
