Fort Saint George, Public Works Consultation of 15th March 1859.

No. 111. Read the following Extract from the Minutes of Consultation in the Military Department, dated 4th March 1859, No. 870.

Read the following Extract from the Minutes of Consultation in the Public Works Department, dated 19th February 1859, No. 410.

Referring a letter from the Chief Engineer, submitting for sanction of Government a Supplemental estimate amounting to Rupees (480) four hundred and eighty, for dividing off a portion of the yard near Messrs. Parry and Co.'s Office on the North Beach, and for constructing Terraced sheds for Sick Carts and Doolies for the use of Troops embarking and debarking.

(Vide Military Consultation, 1st February 1859, Nos. 85-86.)

Approved.

It will be considered in the Department of Public Works whether the articles, &c., alluded to in para. 6, may not be turned to account for some other work, with more advantage, than by the sale of them.

No. 410.

Extract from the Minutes of Consultation under date the 19th February 1859.

Read the following letter from Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 14th February 1859, No. 7878.

SIR,

I have the honor to submit for the sanction of Government, a Supplemental Estimate amounting to Rupees (480) four hundred and eighty, for dividing off a portion of the Yard near Messrs Parry & Co's. Office on the North Beach, and for constructing *Terraced* sheds for Sick Carts and Doolies for the use of Troops embarking and debarking.

2. In Extract Minutes Consultation, No. 1655, dated 29th August 1857, the Government were pleased to sanction an Estimate amounting to Rupees 2,180, which provided for tiled roofs for the sheds alluded to. Since that date, it has been found necessary to substitute terraced roofs, for those originally estimated for, in order to avoid the buildings being raised above the neighbouring houses on the South side; and accordingly the necessary instructions were issued to the Acting Garrison Engineer to report the additional cost that would be incurred by the change proposed.

3. On the 20th October last, Captain Prendergast submitted an Estimate amounting to Rupees 480 for carrying out the aforesaid alterations, in which it will be observed, the following items have been inserted.

Amount of loss on materials and coolies for constructing				
2 Gable ends for the tiled roof, and for removing the same.	Rs.	22	0	0
Amount of do. on hire of Carpenters and Sawyers for cutting and making 4 Trusses, cutting 67 thin rafters &c.	„	81	8	6
Amount expended in preparing 16 flat Iron clamps.	...	34	0	0
Wastage of Timber.	...	79	10	0
		<u>217</u>	<u>2</u>	<u>6</u>

4. It has been found necessary to make allowance for the above in the Supplemental Estimate, inasmuch as on the receipt of the order by the Garrison Engineer, for substituting a terraced for a pent roof, the Gable ends for the latter had been built, trusses put up, and Iron clamps prepared; all of which are found to be of no use in carrying out the proposed alteration.

5. Captain Prendergast may however be instructed to sell the unserviceable trusses and clamps to the best advantage, and appropriate the proceeds of the same towards the work proposed.

6. In the mean time I beg to solicit the sanction of Government for the amount of the Supplemental Estimate Rupees (480) four hundred and eighty, being placed at the disposal of Captain Prendergast. In submitting the final Bill however, that Officer will be instructed to furnish to the Central Office a Memorandum shewing the sum realized by the sale of the articles above alluded to, which will be carried to the credit of the work.

Ordered to be referred to the Military Department with reference to Extract Minutes of Consultation in that Department, dated 26th August 1857, No. 2897.

(A true Extract.)

(Signed) J. D. BOURDILLON,

Secretary to Government.

To the Military Department, with Estimate.
