No. 888.

Extract from the Minutes of Consultation, 5th March 1859.

Read letter from the Quarter Master General of the Army, 3rd March 1859, No. 93, to the Secretary to Government, Military Department.

The Brigadier Commanding Saint Thomas' Mount has reported that during the heavy rains which fell, in November last, he observed that the walls of the Police Office and Prison were cracked, and the foundations giving way; the District Engineer after a careful examination proposed buttressing the North and West sides, and thoroughly restoring the roof (which is bad) and the two Bressummers across the door-ways; the expense of these alterations is estimated at Rupees 1,300, and as the Brigadier, and the Officer Commanding Centre Division, consider it desirable that the above repairs should be at once executed, His Excellency would recommend the same for the sanction of Government.

Communicated to the Public Works Department, that the necessary repairs may be executed on emergency.
