Fort Saint George, Public Works Consultation of 22nd March 1859.

No. 72. Read the following letter from Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 14th February 1859, No. 7867.

SIR,

With reference to my letter of the 6th August last, No. 2587, I have the honor to submit an Estimate of the probable disbursements on Public Works in 1858-59, called for by the Government of India in their orders of the 19th July 1858, revised with reference to ascertain past expenditure and future demands on the Department.

2. The probable Expenditure on Military, as well as on all other works, is less than that allowed in the last Estimate, on account of the small Expenditure which has taken place up to December last on the repairs to the Fortifications, the Dragoon Barracks and other works, which will not require so large an apportionment of funds as was entered in the previous Estimate.

3. Under Ordinary Works others than Military, an increase of one lac of Rupees will be observed, which is owing to additional sums sanctioned for repairs of Irrigation Works of the Districts in which damages occurred by the Rains of 1857.

Estimated Expenditure on Public Works for the year 1858-59.

Nature of charge.	Ordinary.	Extraordi- nary.	Establishment and Contingent and other charges.	Total.

No. 73. ORDER THEREON, No. 641; dated 18th March 1859.

Ordered that the Statement received with this letter be forwarded to the Government of India, and that intimation of the fact be given to the Financial Railway Department, with reference to the Circular from the Government of India, dated 19th July 1858, No. 3358.

(Signed) J. D. BOURDILLON,
Secretary to Government.

No. 74. Ordered in consequence that the following letter be dispatched.

From J. D. BOURDILLON, Esq., Secretary to the Government of Fort Saint George; to Major R. STRACHEY, Officiating Secretary to the Government of India, dated 18th March 1859, No. 642.

SIR,

I have the honor to forward the further Statement of estimated expenditure on Public Works during the Current Official Year, called for in para. 2 of your Circular dated 19th July 1858 No. 3358. The Chief Engineer's letter dated 14th February a copy of which accompanies this letter, explains the differences between the present and the former Statements.
