*Extract from the Minutes of Consultation, 25th February 1859.**Read letter from the Ag. Assistant Quarter Master General of the Army, 16th February 1859
No. 60; to the Secretary to Government, Military Department.*

I have the honor, by desire of His Excellency the Commander-in-Chief, in forwarding a copy of a letter from the Officer Commanding Southern Division, to request you will be good enough to submit His Excellency's recommendation to Government that the limited improvements therein proposed by Major General Budd may be at once authorized for execution on emergency,—Sir P. Grant considers they are indispensably necessary now, and he restricts himself to these, feeling assured that the new Barracks suggested in his Minute (forwarded with letter No. 158 dated 22nd October last from this Department) will be eventually sanctioned, and he hopes at no distant date.

*From the Officer Commanding Southern Division, Head Quarters Trichinopoly, 17th January 1859,
No. 62; to the Quarter Master General of the Army.*

In submitting for the consideration of His Excellency the Commander-in-Chief the proposed alterations and improvements to the Hospital of the 2nd E. L. I. at this Station, I have the honor to make the following remarks.

1st. That the works estimated for comprise

	No. 1.	Rs.	A.	P.
Constructing a Female Ward, none existing at present.....	4807	1	2	
Privy to Do.....	168	14	6	
Compound wall to Do.....	2131	10	5	
Altering Road.....	128	15	0	
	No. 2.	1245	1	6
Constructing 2 Bath Rooms one at each end of the Hospital.....				
	No. 3.	225	6	2
Improving the old Privy passage.....				
	No. 4.	767	4	11
Constructing a Verandah to Lunatic Ward.....				
	No. 5.	612	9	5
Raising Dispensary, repairing old roof.....				
	No. 6.	2497	15	2
Improving the roof of Mens Ward.....				
	No. 7.	3063	7	2
New Subordinates Quarters.....				
	No. 8.	159	7	1
Cook Room for Subordinates.....				
	No. 9.	36	2	11
Privy for Subordinates.....				
	No. 10.	460	5	11
Nurses Room.....				
	No. 11.	707	3	9
Dead House.....				
	No. 12.	721	15	8
General repairs to the entire Building.....				
	No. 13.	1769	9	10
Sundries and Superintendence.....				
Making a total expenditure of.....	19,533	2	7	

This is a large sum for what may be called improvements to a temporary building, yet I am of opinion that unless entirely new Barracks are to be constructed very shortly, the whole of this expenditure is urgently required and I most strongly recommend His Excellency the Commander-in-Chief pressing it on the attention of the Government, in order that the work may be commenced at once. But in case of Government declining to sanction the full amount or presuming that new Barracks are to be built immediately—I have had the buildings thoroughly examined and absolutely

and urgently required items from the 13 before enumerated, selected to be commenced at once on emergency; and these comprise Nos. 1, 2, 4, 12, which exclusive of a quota of 13, make a total of Rupees 9,971-9-2. Nos. 7, 8, 9 will I presume be built on a larger scale than herein estimated for, in consequence of Extract Minutes Consultation of the 11th December 1858, No. 2682, but the foregoing are what I propose commencing on at once, and for which I solicit the sanction of His Excellency and subsequently the authority of Government for estimates to be furnished and the whole repairs and improvements executed without delay.

The Governor in Council approves of the limited improvements to the Hospital of the 2nd E. L. I. at Trichinopoly, as recommended by the Commander-in-Chief, being carried out at once.

2. It will be considered in the Public Works Department with reference to item No. 13 for Sundries and Superintendence, what corresponding modification will be required.
