Fort Saint George, Public Works Consultation of 5th April 1859.

No. 3. Read the following letter from Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 10th March 1859, No. 8493.

SIR,

With reference to para. 3 of the accompanying letter received from the Collector of Salem, I do myself the honor to recommend that the assistance applied for, viz., employing an additional Writer for 3 months more, to complete the Irrigation Registers of that District may be complied with, as Mr. Hathaway is of opinion that the Returns in question cannot be completed earlier than the time above specified.

Letter from A. HATHAWAY, Esq., Acting Collector of Salem; to Colonel C. E. FABER, Chief Engineer, dated Salem, 11th February 1859, No. 40.

SIR,

With reference to an Extract from your Proceedings of the 10th Ultimo, No. 6160, which reached me through the District Engineer, I have the honor to inform you that the rough English copy of the Irrigation Registers for 2 Talooks has been completed; and that I hope by arrangements which I have made for the steady progress of the work, to be able to despatch them all so as to reach your Office by the end of September next.

2. An extraordinary pressure of work on the establishment, especially about the time of Mr. Bretts departure for England, has caused delay.

3. I would however, draw your attention to para. 8 of Extract Minutes of Consultation dated 18th June 1857, No. 1181, circulated with your Proceedings of the 27th Idem, No. 50, and request you to obtain the sanction of Government for the extension of the period allowed for the employment of an additional Writer, from three to six months; as I believe from what has been already prepared, that the translation of the voluminous Returns in the Vernacular could not be completed earlier.

4. An early reply is requested.

No. 4. ORDER THEREON, No. 786; dated 2nd April 1859.

Before complying with this application, the Governor in Council wishes to be informed whether, as would seem to be the case from the tenor of the Collector's and the Chief Engineer's letters, an additional Writer has already been entertained for a period of three months, for the purpose of preparing the Irrigation Registers of the Salem District; and if so, under what authority.

2. The order of June 1857, quoted by the Collector in para. 3 of his letter, conveys no authority for the employment of an additional Writer for the preparation of the Registers, but merely intimates that Collectors, unprovided with Translators, will be allowed such aid on their making application for it.

(Signed) J. D. BOURDILLON,
Secretary to Government.
