Fort Saint George, Public Works Consultation of 5th April 1859.

No. 20. Read the following letter from Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 1st April 1859, No. 9201.

SIR,

I have the honor to forward the accompanying copy of a Telegram received from Lieutenant-Colonel Lawford, reporting the urgent necessity for more assistance to complete the Barracks at Jackatalla, and requesting that Carpenters and Sawyers may be despatched to Captain Campbell from the low country.

2. I have the honor therefore to solicit Government to call on the Commissioner of Mysore and the Collectors, to give the necessary aid to despatch 20 1st class Carpenters and 6 pairs of Sawyers from each District respectively, Mysore, Coimbatore, Malabar and Trichinopoly.

Letter from Lieutenant-Colonel E. LAWFORD, Superintending Engineer, Central Circle; to Colonel C. E. FABER, Chief Engineer, dated Ootacamund, 28th March 1859.

SIR,

The upper story of Barracks number three will be made over to Colonel Bedford to-day, and will hold more than two hundred men. To complete the ground floor before the Monsoons more Sawyers and Carpenters are required from Mysore, Coimbatore, Trichinopoly and Malabar, and the requisitions of Government to that effect are solicited.

No. 21. ORDER THEREON, No. 795; dated 2nd April 1859.

The Governor in Council is not of opinion that compulsion is necessary or should be resorted to in this case; he does not doubt that workmen may be found, willing to go to Jackatalla and the Chief Engineer should call for the aid of the Engineers of neighbouring Districts to engage them and send them up. Some advance on the ordinary rates of pay may properly be given, if necessary. The Government fully believe that the work will be better supplied by this means than by the exertion of authority.

(Signed) J. D. BOURDILLON,
Secretary to Government.
