Fort Saint George, Public Works Consultation of 5th April 1859.

No. 40. Read the following letter from Lieutenant-Colonel H. YULE, Secretary to the Government of India; to J. D. BOURDILLON, Esq., Secretary to the Government of Madras, dated Fort William, 11th March 1859, No. 1374.

SIR,

In reply to your letter No. 327, dated 8th Ultimo, I am directed to observe that the Chief Engineer of a Kingdom such as Mysore, although a Chief Engineer of the 2nd Class, is at the head of a great Department, and that Department is not in Military subordination to the General Officer in Command of the Troops.

2. A Chief Engineer of the 2nd or 3rd Class gets a smaller salary than a Chief Engineer of the 1st class, because his work is less extensive, but the official rank is the same, and the Governor General in Council is therefore of opinion that all Chief Engineers may correspond direct with any Military authorities inferior to the Commander-in-Chief.

No. 41. ORDER THEREON, No. 805; dated 5th April 1859.

Ordered to be communicated to the Military Department with reference to Extract Minutes of Consultation in that Department dated 21st December 1858 No. 4638, and to the Chief Engineer for information.

(Signed) J. D. BOURDILLON,
Secretary to Government.
