Fort Saint George, Public Works Consultation of 12th April 1859.

Read the following letters.

No. 7. From Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq.,
Secretary to Government, dated 4th March 1859, No. 8363.

SIR,

With reference to Extract Minutes Consultation of the 16th October 1858, No. 2184,
and to the previous correspondence therein noticed, on the sub-
ject of immediately completing the opening of the Muntral
Ghaut in the Kurnool District, as a necessary Military work, I
have the honor to forward for the consideration of Government,
a copy of a letter from the District Engineer, under date the 14th Ultimo No. 573, reporting
certain predatory movements of the Rohillas infesting the Kurnool Frontiers.

Letter from Lieutenant T. BECKLEY, Acting District Engineer of Kurnool; to Colonel C. E.
FABER, Chief Engineer, dated Camp Gayoolpully, 14th February 1859, No. 573.

SIR,

The Rohillas having again entered the Kurnool District and looted a village near Doo-
paul, I have the honor again to bring forward the Muntral Ghaut as a work that should be
proceeded with at once, until a good road is made the District will never be secure from their
attacks.

No. 8. From Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq.,
Secretary to Government, dated 1st April 1859, No. 9192.

SIR,

Referring to Extract Minutes Consultation No. 539 of the 11th March 1859, I do myself
the honor to forward transcript of a letter from the District Engineer of Kurnool No. 661 of
the 21st Idem, reporting that, it is the Muntral Canama, and not the Nundy Canama which
is not practicable for cavalry and loaded Carts.

2. By a letter from the Collector, I learn that he has already intimated to Government
the mistake by which Nundy Canama was written for Muntral Canama, in his report of the
22nd Idem.

3. I venture to express the hope therefore, that action may again be resumed, and that
Captain Nelson may be authorized to continue the Trace of that Ghaut on the balance of the
sanctioned Estimate.

Letter from Lieutenant T. BECKLEY, Acting District Engineer of Kurnool; to Colonel C. E.
FABER, Chief Engineer, dated Camp at Kurnool, 21st March 1859, No. 661.

SIR,

With reference to your Resolution No. 8580, dated 15th Instant, I have the honor to bring
to your notice that para. III—2 of the Honorable D. Arbuthnott's letter to the Chief Secretary to
Government, reporting an incursion of Rohillas into this District, has been obviously misunder-
stood the Ghaut alluded to, as one which should be opened sufficiently to be easily practicable,
for cavalry, is the Munty or Muntral Canama Ghaut and not the Nundy Canama, which has
been for many years *passable* even for Bandies.

Letter from the Honorable D. ARBUTHNOTT, Esq., Collector of Kurnool; to Colonel C. E.
FABER, Chief Engineer, dated Bundiatcoor, 22nd March 1859, No. 82.

SIR,

In forwarding Extract from the Minutes of Consultation, dated 23th February last No. 269
for your perusal, I have the honor to inform you that Government have been informed of the
mistake regarding the Nundy Canama.

Fort Saint George, Public Works Consultation of 12th April 1859.

The Muntral Canama was the one referred to in my letter, but by a clerical error was spelt Muntty Canama.

No. 9. ORDER THEREON, No. 818; dated 6th April 1859.

2. If the completion of the Road through the Pass were necessary for the protection of the Kurnool District, the Government would not hesitate to order the work. But they do not understand that it is so; other more direct and immediate measures already taken, will, they believe, be sufficient to ensure that object.

Secretary to Government.
