G.O. No. 572 Press Mis.

Dated 11-7- 1857.

Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 12*th April* 1859.

No. 56. Read the following letter from Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 25th March 1859, No. 9003.

SIR,

In reply to the requisition in Extract Minutes of Consultation of the 14th Instant No. 574, I have the honor to report that to Captain Campbell's Establishment as an Executive Engineer of the 3rd Class, a Draftsman on Rupees 40 per month is attached, besides 4 Lascars. But with one Draftsman only, I consider Captain Campbell will be unable to complete satisfactorily the series of Drawings he has been called upon to furnish for the information of the Government of India.* The coolies required by Captain Campbell are, I believe, to be employed in the removal of the thick brushwood round the Barracks and the neighbouring part of the Station, in order to obtain correct levels thereof.

* Para. 5 of Major Strachey's letter, dated 30th September 1858, in Extract Minutes of Consultation 5th November 1858, No. 2334.

Though the sanctioned Establishment of Captain Campbell amounts to Rupees 150 per month, from the month of November last, he appears to have drawn only Rupees 115 per month, perhaps owing to a vacancy in the post of either the Estimate Maker or Writer of his Establishment on Rupees 35, which is not yet filled up.

No. 57. ORDER THEREON, No. 842; dated 11th April 1859.

Under the explanation now afforded the Honorable the Governor in Council sanctions the two first items of the Estimate which accompanied Colonel Faber's letter of 14th February last No. 7852 for Surveying and Levelling certain Projects in the Jackatalla Range, amounting to Rupees (266-14-8) two hundred and sixty-six, annas fourteen and pice eight.

2. With regard to the last and third item in the Estimate for the sewage culvert trace to Coonoor no sanction is necessary as the Government believe that the work has been already undertaken and completed.

(Signed) J. D. BOURDILLON,
Secretary to Government.

Sir

In reply to the requisition in Pt Minutes of Consultation of the 14th instant No 574. I have the honor to report that Captain Campbell's Establishment as an Executive Engineer of the 3d class a Draftsman on Rs 80 per mensem is attached, Draftsman to Lascars. But until one Draftsman only, I consider Captain Campbell will be unable to complete satisfactorily the series of Drawings he has been called upon to furnish for the information of the Government of India. The coolies required by Captain Campbell are declared to be employed in the removal of the thick brushwood round the barracks and the neighbouring part of the Station, in order to obtain correct levels thereof.

x Para 5 of Major Strachey's letter dated 30 Septr 1858 in Pt Minutes of Consultation 5 Nov 1858 No 2334.

Though the sanctioned Establishment of Captain Campbell amounts to

fourteen and price eight.

Write

Rs 150 per month, from the month of November last, he appears to have drawn only Rs 115 per month, purhaps owing to a vacancy on the post of either the Estimate Maker or writer of his Establishment on Rs 35 which is not yet filled up.

I have the honor to be

Sir

Your most Obedient

Servant

H. Carter
