Fort Saint George, Public Works Consultation of 19th April 1859.

No. 9. Read the following letter from Colonel G. BALFOUR, Inspector General of Ordnance and Magazines; to the Chief Secretary to Government, dated 30th March 1859, No. 773.

SIR,

I have the honor to forward, for the orders of Government, an Indent No. 4, dated 7th January last, from the Collector of the Vizagapatam District, for 50 lbs. of Gun Powder for blasting Rocks connected with the improvement of the Port there.

2. I apprehend there has been some mistake in this Indent being submitted by the Civil, instead of the Public Works Department; but, perhaps Government may be pleased to accord sanction to it, and at the same time pass orders as to the course to be pursued in any future similar case.

3. I may add that the Powder appears to have been already issued from the Vizagapatam Arsenal.

4. I have already communicated with Departments about this issue, and I have now to beg that Collectors may be desired to send Indents for Stores for Marine works, through the Superintendent of Marine.

No. 10. ORDER THEREON, No. 875; dated 13th April 1859.

Resolved that the Chief Engineer be requested to inform Government what improvement it is that is being carried on at the Port at Vizagapatam for which the Collector has applied to the Ordnance Department for Gun Powder. Lieut.-Colonel Bell will be good enough to refer Government to the authority which sanctioned the estimate.

2. Orders will be issued in the Marine Department on the subject of para. 4 of the Inspector General's letter.

Understand that the Chief Engineer has requested to inform Government what improvement should be in making service on at the Port at Singapore for which the Collector has applied to the Ordnance Department for some powder. General Order will be good enough to inform Government to the authority which is mentioned the statement.

2. Orders will be issued in the Ordnance Department on the subject of purchase of the Inspector General's letter.
