*Fort Saint George, Public Works Consultation of 19th April 1859.*

---

Mo. 11. Read the following letter from Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 4th April 1859, No. 9304.

SIR,

In accordance with Extract Minutes Consultation No. 375, dated 14th February, I do myself the honor to forward for submission to Government the accompanying Plan and Estimate, amounting to Rupees (2,500) two thousand and five hundred, for removing the terrace roofs of the south wing and the entrance Hall of the College, and for replacing the same by a trussed roof covered with flat tiles and jelly, similar to the one over the Theatre.

2. In a foot note to the Estimate now forwarded, the Civil Architect states, that such of the old beams, joists and planks, as are available for the present building, if found good when removed, will be used on the new work, and their value, which is expected to be considerable, credited in the Survey Report.

3. The rates allowed in the estimate have been examined in the Central Office, and are found to be moderate but sufficient, and under these circumstances I have the honor to recommend that the early orders of Government for repairing the building be communicated to the Department Public Works.

---

No. 12. ORDER THEREON, No. 876; dated 13th April 1859.

Referred to the Public Department for consideration with reference to Extract Minutes of Consultation in that Department, dated 2nd February 1859, No. 179.

(Signed) W. C. SIM,

*Ag. Dy. Secretary to Government.*

Public

No 304  
Hon. The Chief Engineer.

To The Secretary to Government P.W.D.

Sir,

In accordance with Ex. Ord. No. 375 dated 11<sup>th</sup> ultimo, I do myself the honor to forward for submission to Government the accompanying Plan and Estimate amounting to Rupees (2500) Two thousand and five hundred for removing the terrace roofs of the South wing and the entrance Hall of the College, and for replacing the same by a trussed roof covered with flat tiles and Selly, similar to the one over the Theatre.

2 In a foot note to the Estimate now forwarded, Mr. Smith Architect states, that such of the old Beamed joists and planks, as are available for the present building, if found good when removed, will be used on the new work, and their value, which is expected to be considerable, credited in the Survey Report.

3 The rates allowed in the Estimate have been examined in the Central Office, and are found to be moderate but sufficient, and under these circumstances I have the honor to recommend that the early orders of Government for repairing the building be communicated to the D. P. W.

I have the honor to be,  
Sir,

Your most Obedt Servt.

W. D. Fisher. Colonel.

Chief Engineer.
