No. 36. Read the following letter from A. PURVIS, Esq., Collector of Rajahmundry; to J. D. BOURDILLON, Esq., Secretary to Government, dated Cocanada, 15th September 1859, No. 5.

I have the honor to forward copy of a letter from Captain J. Stoddard, appointed under the order of Government of the 3rd ultimo, to lay out the towns of Cocanada and Coringa, and to report on the best means of carrying out certain suggestions made by Colonel A. Cotton for the improvement of the salt manufacture, requesting me to obtain the sanction of Government for the temporary entertainment of the establishment noted in the margin, to enable him to carry on efficiently the duties entrusted to him. The establishment hitherto under Captain J. Stoddard's orders, as an executive officer of the Public Works Department, is not available, as it will be required by the officer who may be placed in charge of his range, I therefore beg to support his application, and request that the authority of Government may be granted for the entertainment of the establishment proposed from the date of Captain Stoddard's entering upon his special duties.

He has lately been acting as his draftsman and holds a testimonial from Captain Winscom, now the principal of the civil engineering college at Madras. Natrasigawmunny has not passed the uncovenanted service examination but as the appointment is temporary, I trust Captain Stoddard may be permitted to entertain him.

2 The first thing to be done is to have the towns of Cocanada & Coringa and

and the country around thim accurately surveyed and mapped on a large scale and that there may not be any delay in setting this afoot, I would urgently and respectfully recommend for the appointment of surveyor and Draftsman "Natrasigawmmmy" son of Subadar Major Veerasawmy, Sirdar Bahadur, of the Corps of Sappers and Miners, who, till the recent reduction of the Range Establishments in the Department of Public Works, has been acting as my Draftsman, but at present is unemployed. He has not passed the Uncovenanted Examination, but as my present appointment is temporary I do not think that the Government will object on this score to his being employed, so long as I may have need of his services. That he possesses all the most important qualifications for the work will, I conceive, be evident from

a perusal of the testimonial he has received from Captain Winscom Principal of the Civil Engineering College at Madras (who lately commanded the Sappers & Miners) a copy of which is subscribed

3 Natrasigawmmmy has served under me for several months since and I can confidently recommend him as perfectly fit to undertake the duties I wish him to perform; nor am I aware of the existence of any other person (out of employment) in this District so well qualified for the situation, as he is.
