Proceedings of the Madras Government, Public Works Department, from 1st to 10th June 1859.

No. 156. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 3rd June 1859, No. 1219.

As directed in the concluding part of para. 2 of Extract Minutes of Consultation dated 23rd September 1858 No. 1963, I have the honor to report for the information of Government, that the Civil Dispensary at Vizagapatam was completed in February last with the exception of some shelves and other trifling alterations not provided for in the Estimate, as stated by the District Engineer in his letter as per margin.

Dated 5th April 1859 No. 1111.

2. On the receipt of the letter above alluded to, the District Engineer was requested* to state distinctly, the nature of the trifling alterations required to place the Civil Dispensary in a fit state for occupation, and to submit an Estimate for the execution of the same, as also for fixing the necessary shelves, and that Officer in reply reports, that the shelves have been already put up and nothing remains to be done, but to erect at the back and on a portion of each side of the building where the ground is on a level with the terreplein, some kind of fence as a protection against the intrusion of pigs and cattle.

* In Proceedings dated 20th April 1859 No. 9702.

3. With the concurrence of the Collector, a bamboo fence strengthened at intervals with posts is now being put up in lieu of a wall as suggested by the Medical authorities, the Collector disapproving of the expense of the latter. The cost of the bamboo fence, the District Engineer reports, will be but trifling, and the Collector has in consequence consented to its being executed out of the Discretionary funds.

4. I am of opinion, that the substitution of bamboo fence for a wall will fully answer the purpose for which it is intended.

5. The Government will observe from the above report that the Dispensary is now quite complete and ready for occupation.
