MADRAS RECORD OFFICE.

Government of Madras.

Judicial Misc DEPARTMENT.
Jan—1859

G.O. No.	1406	Press Mis.
15.8.59 Dated	9—6	1859.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, from 1st to 10th June 1859.

No. 158. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 3rd June 1859, No. 1217.

I have the honor to forward for the consideration and orders of Government, the accompanying Estimate prepared by the Garrison Engineer, amounting to Rupees (120) one hundred and twenty, for fixing glazed shutters to the windows of the office of the Superintendent Gun Powder Manufactory.

1 Letter from the Garrison Engineer No. 763, dated 26th March 1859.
1 Do. from do. No. 28, dated 11th May 1859 with 1 enclosure.
1 Abstract Estimate.

2. In Extract Minutes Consultation No. 366, dated 10th February last, the Government accorded sanction to the Estimate amounting to Rupees 5,400, submitted in the late Officiating Chief Engineer's letter No. 3061, dated 24th August 1858, for building an upper story to the Office of the Superintendent of the Manufactory, but as the late Garrison Engineer reported in his letter No. 763, dated 26th March last herewith enclosed, that certain alterations* and additions, not provided for in the original Estimate, were found on an examination of the building to be indispensably necessary, that Officer was instructed to execute the work, on the distinct understanding, that the cost did not exceed the estimated amount by more than 5 per cent. As under these circumstances it is beyond my province to sanction the present Estimate, I have the honor to request the early and special sanction of the Honorable the Governor in Council for the amount† abovementioned, the building being rendered untenable in the absence of glazed windows as represented by Lieutenant Colonel Rowlandson, through "the hot winds in their season, the clouds of dust "from the plain to the south, and the offensive odour from the north."

* Securing the four angles of the main walls of the room in the ground floor. Enlarging the stair case, widening the entrance, and re-building the flat arches over the two doors.

† Rupees 120.

No. 159. ORDER THEREON, 9th June 1859, No. 1406.

Referred to the Military Department with reference to the order in this Department dated 10th February 1859 No. 366.

(Signed) W. C. SIM,
Ag. Dy. Secretary to Government.

The Chief Engineer.

To,
The Secretary to Government
P.W.D.

Sir,

I have the honor to forward for the consideration and orders of Government the accompanying Estimate prepared by the Garrison Engineer, amounting to Rupees (120) one hundred and twenty, for fixing Glass Shutters to the windows of the Office of the Superintendent Gun. Powder Manufactory.

2 In Exc: Instns: Letter No. 366 dated 10th. February last, the Government accorded Sanction to the Estimate amounting to Rupees 52.00, submitted in the late Officiating Chief Engineer's letter No. 3061 dated 24th. August 1858, for building an upper story to the Office of the Superintendent

Superintendent of the Manufactory but as the late Garrison Engineer Reported in his letter № 763 dated 26th March last herewith enclosed, that certain alterations and additions, not provided for in the original Estimate, were found on an Examination of the building to be indispensably necessary, that Officer was instructed to executed the work, on the distinct understanding, that the cost did not exceed the Estimate amount by more than 5%. As under these circumstances it is beyond my province to sanction the present Estimate, I have the honor to request the early and special sanction of the Honorable the Governor in Council for the amount above-mentioned, the building being rendered untenable in the absence of glazed windows as Represented by Lieutenant Colonel Rowlandson, through the hot winds in their season, the clouds of
