15/9/38

No. 213. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 30th May 1859, No. 1044.

With reference to para. 7 of the Proceedings of the Madras Government, under date 3rd May 1859 No. 1029, I have the honor to state for the information of Government, that the Special Executive Engineer at Jackatalla reports on the 19th May 1859 No, 18, that there are three pieces of Machinery on the Jackatalla Works, viz., two Peat Presses and one Morticing Machine.

2. One of the Peat Presses was broken in being taken up the Ghaut, not seriously injured, is now being repaired and will with the other be very useful in preparing fuel for the Steam Saw Machine just despatched.

3. The Morticing machine is in good order, and has been of the greatest service. A European working it, turning out as much work as 8 Native Carpenters in one day.

4. A requisition has been made to the Chief Engineer, Department Public Works, in Calcutta, soliciting assistance either in supplying this Presidency with

2 Plaining Machines.

2 Small vertical Saws with the Saws for cutting curves.

2 Grooving Saws for fluiting.

2 Tenoning Machines.

2 Morticing Machines.

from their own Stores, or purchasing them in the Calcutta market.

No. 214. ORDER THEREON, 10th June 1859, No. 1433.

Ordered that the foregoing letter be recorded.

(Signed) J. D. BOURDILLON,
Secretary to Government.
