11-12

Dated 13-4- 1859.

Not to be folded or roughly handled

No. 11. Read the following letter from Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 4th April 1859, No. 9304.

SIR,

In accordance with Extract Minutes Consultation No. 375, dated 14th February, I do myself the honor to forward for submission to Government the accompanying Plan and Estimate, amounting to Rupees (2,500) two thousand and five hundred, for removing the terrace roofs of the south wing and the entrance Hall of the College, and for replacing the same by a trussed roof covered with flat tiles and jelly, similar to the one over the Theatre.

2. In a *foot note* to the Estimate now forwarded, the Civil Architect states, that such of the old beams, joists and planks, as are available for the present building, if found good when removed, will be used on the new work, and their value, which is expected to be considerable, credited in the Survey Report.

3. The rates allowed in the estimate have been examined in the Central Office, and are found to be moderate but sufficient, and under these circumstances I have the honor to recommend that the early orders of Government for repairing the building be communicated to the Department Public Works.

No. 12. ORDER THEREON, No. 876; dated 13th April 1859.

Referred to the Public Department for consideration with reference to Extract Minutes of Consultation in that Department, dated 2nd February 1859, No. 179.

(Signed) W. C. SIM,
Ag. Dy. Secretary to Government.
