Read again letter from the Right Reverend the Officiating Metropolitan in India, dated 23rd October, and recorded in Diary to Consultation, 5th November 1858.

Read also the following Extract from the Minutes of Consultation in the Public Works Department.

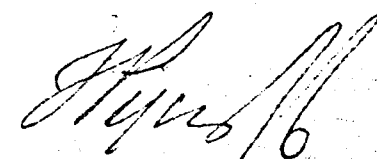

Communicating copy of a letter from the Chief Engineer forwarding with his observations, a report from the District Engineer, Godavery Division, on the condition of the Church at Rajahmundry, and a letter from the Venerable the Archdeacon of Madras, recommending that it should be taken over by Government.

(Here enter 21st March 1859, No. 666.)

Order.—From the report, now submitted, it would appear that the present condition of the Church at Rajahmundry will not justify any outlay for its repair. The Government are not, therefore, disposed to accept the transfer of the building.

2. It would be preferable to erect a new Church there. Should the European community at Rajahmundry be disposed to do this, the Government will be prepared to consider any application that may be preferred to them for aid towards the construction of the new Church, if made in the manner prescribed in Extract Minutes Consultation, 15th August 1856, No. 314.
