Fort Saint George, Public Works Consultation of 29th April 1859.

No. 3. Read the following letter from Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 7th April 1859, No. 9389.

SIR,

I have the honor to submit, for the consideration of Government, the accompanying Estimate amounting to Rupees (3,510) three thousand five hundred and ten, for repairing and improving the Talook Cutcherry at Oosoor, with letters and Plan connected with it, as noted in the margin.

Nos. 51 and 965, dated 25th February and 12th March 1859, from the Collector and District Engineer of Salem.

1 Abstract Estimate.

1 Report on do.

2 Plans.

2. The old Building in question so long ago as June 1857 was pronounced by the Superintending Engineer when on his tour of Inspection, as quite unsuited to the purposes required, since which period a portion has been injured by fire, and much inconvenience is experienced by the Talook Officials in the transaction of Public Business in so limited a space.

3. Alterations and improvements to the old Building to the extent required have been suggested by the Acting Collector as per accompanying Plan, in preference to the construction of a perfectly new Building as designed by the District Engineer.

4. The Estimate has been examined, the rates are moderate but sufficient, I have the honor therefore to solicit the sanction of Government for the execution of the work on emergency, as requested by the Acting Collector.

Letter from Captain T. E. GAHAGAN, District Engineer of Salem; to the Chief Engineer, dated Namcal, 12th March 1859, No. 965.

SIR,

I have the honor to forward the accompanying Estimate for sanction, for repairing and improving the Talook Cutcherry at Oosoor, amounting to Rupees 3,510, together with an explanatory Report and 2 Plans.

Letter from A. HATHAWAY, Esq., Acting Collector of Salem; to Captain T. E. GAHAGAN, District Engineer of Salem, dated Dahrumpoory, 25th February 1859, No. 51.

SIR,

In acknowledging the receipt of your letter of the 16th Instant No. 879, I have the honor to request you will be good enough to submit the Estimate in question for sanction on emergency; as great inconvenience is felt for want of proper accommodation to the Talook Establishment of Oosoor.

2. The present Talook Cutcherry was pronounced by the Superintending Engineer of the Southern Circle, Department Public Works, when he inspected it in June 1857, to be utterly unsuited to the requirements of the Public Service. A portion of it has moreover, lately been injured by an accidental fire.

3. It is the wish of the Collector that the accompanying Estimate should be carried out on emergency (see his letter No. 51 of the 25th Ultimo, herewith forwarded) as great inconvenience is now experienced by the Talook Officials for want of proper accommodation.

4. A plan of the present Cutcherry is sent with this Estimate, for comparison with the Plan, showing the proposed alterations and improvements (the design for which has been furnished to me by the Collector in preference to a design for an entirely new Cutcherry, which I prepared some time ago.

No. 4.
ORDER THEREON, No. 931; dated 20th April 1859.

Before sanctioning the repair and improvement of the Talook Cutcherry at Oosoor as solicited in the foregoing letter, the Honorable the Governor in Council resolves to refer for the consideration and report of the Board of Revenue the question whether under the system of Police presently about to be organized, it will be necessary to retain Oosoor as a Talook Cusbah.

2. Under the new Police arrangements the two Balaghaut Talooks will probably be formed into one, and it will have to be considered which is the better place for the Cutcherry—Oosoor or Denkencottah.

3. Oosoor it is observed is on the very edge of the District.
