Public Works DEPARTMENT.

G.O. No.	<u>776</u>	Press Mis.
Dated	<u>27-2-18</u>	

Not to be folded or roughly handled

1

Fort Saint George, Public Works Consultation of 29th April 1859.

No. 54. Read the following letter from Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILDON, Esq., Secretary to Government, dated 21st January 1859, No. 7232.

SIR,

I have the honor to forward herewith for the information of Government, a list of orders of more than three months standing remaining unanswered in the Central Office of Public Works on the 31st December 1858.

No. 55. ORDER THEREON, No. 956; dated 21st April 1859.

With the foregoing letter the Chief Engineer submits the usual List of Unanswered References for the half year ending 31st December 1858.

2. It is observed that the following papers which have not been replied to, or otherwise disposed of, have been omitted from the List without explanation.

Attention was called to this subject in Mins. of Cons. No. 361, dated 9th Feb. last. }
No. 1729, dated 25th September 1856. } Requiring a report on the
No. 1821, dated 25th September 1857. } proposed improvement of the
Executive arrangement of the Presidency Division.

No. 294, dated 10th February 1857, para. 4.—Calling for the submission of a scheme for the collection of Tolls on the Tambracherry Pass when opened.

No. 467, dated 15th March 1858.—To report the cost of renewing the Boiler and Engines of the "Pottinger."

No. 1021, dated 31st May 1858.—To submit Plans and Estimates for a Prison Room at Mulliappoorum.

Referred to in Mins. of Cons. No. 11, dated 3rd January 1859. }
No. 1103, dated 11th June 1858, para. 20.—Requesting to be informed of the state of the Road from Palmanair to Vencatagherry— together with the present traffic on it.

No. 1182, dated 22nd June 1858, para. 3.—Desiring to know if it is only now that the Central Office have become aware of Captain Crewe's unadjusted balance.

No. 1330, dated 10th July 1858, para. 9.—Calling for certain information in reference to the proposition for Apprenticing Native Youths to Mr. Flockhart, Mechanical Engineer.

No. 1389, dated 17th July 1858.—Calling for Plans and Estimates for certain Military works at Bangalore, Bellary, Kurnool and Cannanore.

No. 1431, dated 23rd July 1858.—Calling for Plans and Estimates for certain works in connection with the Jackatalla Barracks.

No. 1674, dated 20th August 1858. }
No. 2002, dated 28th Sept. 1858. } Requesting a report on the suggestion to adopt the Road from Mullapady to Tripatoor as a Trunk line instead of the present Road from the former place to Vaniembaddy—with an Estimate.

No. 1686, dated 21st August 1858, para. 5.—To report the amount of extra expenditure incurred on account of Office Establishment by Captain Watts' removal from Nellore and how it is proposed to meet it.

Revenue No. 776, dated 8th June 1858.—Inquiring whether the Map of the Geological Survey of the Neilgherries can be executed in the Lithographic Department of the Central Office without additional cost.

These orders should be inserted in the next half yearly List; and if circumstances have rendered compliance with any of them unnecessary, the fact should be briefly explained.

3. Of the references included in the List, the following appear to require notice.

No. 332, dated 19th February 1857. }
Requesting that the general question of forming lateral Roads to act as feeders to the Railway may be considered. } I. This order may, as proposed by the Chief Engineer be omitted from future Lists, with reference to Minutes of Consultation No. 2243 dated 25th October last.

Fort Saint George, Public Works Consultation of 29th April 1859.

No. 1811, dated 23rd September 1857.
Calling for an Estimate for the necessary additions to the Gun Powder Manufactory for keeping it in working order.

II. The Chief Engineer reports that an Estimate amounting to Rupees 1,500 was submitted to him under this order, which as it provided merely for repairs, "was sanctioned by the Central Office." The order may therefore be removed from the List.

No. 1817, dated 23rd September 1857.
Calling for a report on the most eligible site for a landing place at the Adyar.

III. The required report should be submitted, although a restriction has been placed upon expenditure on Public Works the preliminary arrangements for important works still proceed.

No. 2212, dated 1st December 1857.
Requesting an Estimate for improving the Infantry Barracks at Secunderabad.

IV. The works at Secunderabad having been withdrawn from the control of this Government, this order may be removed from the List.

No. 1320, dated 1st July 1858.
Requesting Plans and Estimates for improving the Salt Pans and Tannery Workshops in the Cavalry Barracks at Bangalore.

V. The improvements for which the Estimates called for were intended to provide, having been of an emergent nature, have been already carried out. His Excellency in Council approves of the proceedings but it should have been specially reported.

VI. Of the seven orders to which Government in Minutes of Consultation of 15th June 1858 No. 1076 required early replies, the two noted in the margin, have not yet been answered. Attention was again called to them in Minutes of Consultation 22nd October last No. 2216 by which Government, in the explanation without further delay of the returns of the House allowed to go to press, was particularly requested.

It would facilitate the examination and disposal of these periodical lists, as well as render them more complete, if the cause of delay in replying to references were in every instance stated in a few words. The practice of simply referring to correspondence with or orders of Government renders the perusal of the original papers necessary. A brief explanatory remark would obviate this and better answer the purpose.

No. of references	
for examination	
For December 1858	124
Dec. 1857	116
For January 1859	124
Jan. 1858	116
For February 1859	124
Feb. 1858	116
For March 1859	124
Mar. 1858	116

7. The Chairman in Council is glad to find that the present list bears a favorable comparison with that for December 1857, than the latter did with the Return for December 1856. It is not correct, however, that the arrears are still on the increase, but it is hoped that future lists will show that efforts have been successfully made to diminish the existing accumulation of work. By some recent orders, especially those relating to the distribution of the District Establishments, the correspondence of the Central Office may be expected to be materially lessened.

(Signed) J. D. BOURDILLON,
Secretary to Government.

Enclosure in a letter from
the Chief Engineer to the Secretary
of Government under date
21st January 1859 No. 7232-

MM 153/59

List of Orders of the
Chief Engineer of more than three
months standing remaining
unanswered in the Central
Office of Public Works at the
31st December 1858—

9. W. D.
4. 956
Extract from the Minutes of Consultation
under date the 21st April 1859.

Read the following
letter from the Chief
Engineer
(Here enter 21st Jan'y 59 No. 7232).

With the foregoing
letter the Chief Engineer
submits the usual list
of Unanswered References
for the half year ending
31st Decr 1858.

2. It is observed that
the following

papers.

2. To show the Gov.
and Com. in presence of the
Hon. Secy, regrets to observe
that the Central Office
has again given occasion
for the remark that

Several

~~of the remaining envelope~~
~~to up to this time.~~

The omission from the list for the half year ending 30 June 1858, of the Order N^o 2467 dated 15th Nov 1858, was noticed in Memo. of Cons. 22nd Oct. last N^o 2216. and Mr. Govt. Agent that it should be necessary to note this omission a second time.

3 Of the references included in the list, the following appear to require notice

N^o 332 d 19 Feb 1857

Requesting that the General question of forming lateral roads to act as feeders to the Railway may be considered.

I This Order may, as proposed by the Chief Engineer be omitted from

future lists, with reference to Memo of Cons.

N^o 2213 dated 25 Oct last.

N^o 1511

N^o 1811 d 23 Sep 1857

Calling for an estimate for the necessary additions to the Iron-Boarding Machine. Factories for keeping them working order.

II. The Chief Engr. reports that an estimate amounting to Rs. 150-0-0 was submitted to

him under this order, which as it provided merely for repairs, "was sanctioned by the Central Office". The order may therefore be removed from the list, but the attention of the above officer is called to the instructions contained in the latter clause of the remark against the first order noticed in para 2 of Memo of Cons N^o 1076 dated 5 June 1858, in accordance to which "he should have reported the proceeding in a letter with reference to the Order". "Govt. instead of notifying the same in a remark in the present list."

required early replies,
 the two noted in the
 margin have not yet
 been answered. Attention
 was again called to
 them in Minn. of Cons. 22
 Oct. last 8:2216 on which
 occasion the submission
 without further delay
 of the return of made roads
 allowed to go to ruin.
 was particularly requested.
 The Gov. desires that
 the information called
 for in both references
 be furnished forthwith.

8:2216 d 25 Oct. 1855.
 8:563 d 27 Mar. 1857.

Exh. Minn. of Cons.
 8:2216 d 25 Oct. 1855

#5. It would facilitate
 the examination and
 disposal of these
 periodical lists,
 as well as render
 them more complete,
 if the cause of delay
 in replying to references
 were in every instance
 stated in a few words.

the practice of simply
 referring to correspondence
 with a view of ~~showing~~
 does the permanent of the
 original papers necessary.
 A brief explanatory
 remark would obviate
 this and better answer
 the purpose.

The Gov. in Council
 is glad to find that the
 present list bears more
 favorable comparison with
 that for Decr. 1857, than
 the latter did with the
 return for ^{Decr.} 1856. It must
 be observed, however,
 that the arrears are still
 on the increase; and as
 long as this continues,
 the state of its business
 must reflect discredit
 on the Central Office. It
 is hoped that future
 lists will show that
