*Proceedings of the Madras Government, Public Works Department,
for the month of May 1860.*

No. 47. Read the following letter from Colonel J. H. BELL, Chief Engineer, to J. D. BOURDILLON, Esq., Secretary to Government, dated Chepauk, 26th April 1860, No. 12,756:—

1. I have the honor to forward for submission to Government, the accompanying letters from the District Engineer of Coimbatore, requesting authority for the Civil Auditor to pass the Pay Abstract of Sub-Overseer T. A. Appávu from the 1st December last.

Dated 12th December 1859, No. 212.
" 18th February 1860, " 296.
" 6th April " " 356.

2. In his letter dated the 12th December last, the District Engineer reported the appointment of Appávu Pillai as Sub-Overseer, 2nd Class, 3rd Grade, vice Náráyana Pillai, dismissed, but as Appávu was not a Passed Candidate and no Unpassed Candidates can be employed without the special sanction of Government, I disallowed the appointment and requested the District Engineer to call for the Examination Papers and have him examined.

3. The District Engineer has since forwarded a Certificate of qualification granted to Appávu by the Principal of the Civil Engineering College and has now forwarded copy of a letter from his Acting First Assistant, Captain Rogers, explaining the necessity of Appávu's continued employment from the 1st December last.

4. As all objections to Appávu's employment have been removed by his subsequently passing the prescribed examination, I have the honor to request the sanction of Government to enable the Civil Auditor to disburse his pay from the 1st December last.

No. 48. ORDER THEREON, 14th May 1860, No. 1000.

1. The Chief Engineer will be referred to paragraph 8 of the Order of March 15th, 1859, No. 595. He will see that the appointment of Appávu is directly opposed to the Rule there laid down.

2. The Principal of the Engineering College will also be reminded that the Form of Certificate ordered in paragraph 7 of the same Order to be submitted for approval, has not yet been so submitted. This should now be done without further delay.
