PUBLIC DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from E. B. POWELL, Esq., Acting Director of Public Instruction, to the Chief Secretary to Government, Fort Saint George, dated 10th May 1860, No. 993.

I have the honor to bring to the notice of His Excellency the Governor in Council that the Principal of the Medical College has requested that sanction may be obtained for the completion of the room to the North of the College, which, under the Orders of Government dated the 26th April 1859, No. 635, was begun last year, and the walls of which have already been raised about 3 feet. He states that if the work is recommenced immediately, the room may be completed before the monsoon, but that if it be delayed, the College will be deprived of its use for another year.

2. I went through the several rooms of the Medical College, along with Dr. Shaw, in the course of last week, and I must state that there appeared to me to be a great want of space. The College possesses a very fair collection of specimens well deserving a Museum, many of which for want of space are stowed away on the tops of cases, as if they were useless lumber.

3. I beg therefore to recommend that the Government will be pleased to sanction the early completion of the room to the North of the College.

ORDER THEREON, 16th May 1860, No. 720.

Ordered to be communicated to the Department Public Works, with reference to Extract Minutes Consultation 26th April 1859, No. 635, and in view to the Chief Engineer being called upon to explain the cause of the delay in the completion of the room in question.
