Proceedings of the Madras Government, Public Works Department, for the month of January 1860.

No. 107. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 9th January 1860, No. 8958.

I have the honor to submit for the consideration of Government, a requisition from the District Engineer of Malabar, for a continuation of the employment of Captain Babington in that district, the 6 months granted in the Proceedings of the Madras Government marginally noted, expiring on the 25th of this month.

1 Letter No. 403, dated 20th December 1859, from the District Engineer, Malabar.
Nos. 2250 and 1856, dated 26th October 1858 and 2nd August 1859.

2. Captain Babington's services have hitherto been very valuable in the Northern Division of that district in superintending the operations on the trunk road and ghát, and securing the traffic on them during the monsoon and attending to the Cannanúr and other works in that part of the district.

3. I beg, therefore, to support the application, as I concur with the District Engineer in believing that Captain Babington's continuation of employment will be conducive to the interests of Government, and I now solicit the sanction of Government for his salary being defrayed from the balance of the estimate for the Perambadi ghát for the current year, after which it will be disbursed from the estimate entered in the budget for 1860-61, in which an item for the allowance of an officer, &c. for two years has been inserted.

No. 108. ORDER THEREON, 19th January 1860, No. 141.

Operations on the Perambadi ghát having been stopped, no part of the sanction for that work can be appropriated as proposed in paragraph 3 of this letter until they shall have been resumed and Captain Babington actually employed in superintending them.

Order 4th October 1859, No. 2368.
