117-18

Dated 20. 1. 1860.

Not to be folded or roughly handled

21/10/38

No. 117. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 12th January 1860, No. 9070.

I have the honor to forward a letter* from Major Sankey, Executive Engineer, Maulmain, requesting for carriage by a Government steamer either to Maulmain or Rangoon, for 50 common bullock carts, which he required for Public Works and which he had asked Mr. Kennedy, Assistant District Engineer, to procure for him.

* No. 92, 9th September.

2. Mr. Kennedy has now written to say that 25 carts are ready and that the whole number will be completed by the 25th instant. He adds that Major Sankey has recently informed him that it is of great importance for his successor that the carts should reach Maulmain at the earliest possible date; and I accordingly beg you will be so good as to obtain the sanction of Government for their being sent free of charge in any steamer, in which there may be room, either to the place above named, or to Rangoon to the care of the Chief Engineer in Pegue.

No. 221, 5th January 1860.

3. I also request free passages for a head mason and smith for the Public Works Department at Maulmain on Major Sankey's application.

N. 118. ORDER THEREON, 20th January 1860, No. 146.

The Government grant sanction for the carts and artizans referred to in this letter being sent free of charge by any Government steamer proceeding either to Maulmain or Rangoon in which there may be room; and request that the Superintendent of Marine will in communication with the Chief Engineer make the necessary arrangements for that purpose.

(Signed) T. PYCROFT,
Chief Secretary.
