*Proceedings of the Madras Government, Public Works Department,
for the month of January 1860.*

No. 119. Read the following Proceedings of the Board of Revenue, dated 10th January 1860,
No. 126.

Read letter from Chief Engineer, dated 5th January 1860, No. 8853.

(In Consultation 6th January 1860, No. 46.)

Resolved that the above letter and its enclosures be submitted to Government with the Board's recommendation that the estimate for adapting Homes' Gardens for a Kachahri for the Collector of Chingleput may be included in the budget now before Government.

2. The Board have inspected the building and have been informed that His Excellency the Governor verbally approved of the plans submitted. But for this they would have suggested that the record room should not be detached from the house itself, but added to the southern side, so as to make this end of the main building uniform with the northern side. This could probably be done within the estimate already framed.
