Proceedings of the Madras Government, Public Works Department, for the month of January 1860.

No. 5. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 20th December 1859, No. 8526.

In my letter No. 7483, dated 21st November 1859, I recommended for the consideration of Government, that Virana be allowed to remain in personal charge of the Godávari anicut, drawing in addition to his salary as Sub-Engineer, *double horse allowance to cover the expense of keeping up a boat's crew.* In their order, No. 2906, dated 14th December 1859, the Government ruled in accordance with what was supposed to be my recommendation, that Sub-Engineer Virana should remain in charge of the anicut "in addition to his proper charge of the Rajahmundri executive range," drawing during this time double horse allowance, in addition to his salary and tentage.

2. From my letter above quoted, it will be observed that Captain Rundall objected to the arrangement of extending Virana's charge by transferring to him the Rajahmundri executive range, in addition to the supervision of the anicut; and it was, therefore, with the view of confining the Sub-Engineer's charge to the anicut only, and of his being granted double horse allowance monthly during the time he maintained that charge, that the sanction of Government was requested. As the executive range alluded to has been placed in charge of Assistant Supervisor Ramiah, and is not to be held by Virana, no travelling allowance in addition to his horse allowance is necessary for the latter individual.

3. Under these circumstances, I have the honor to request the sanction of Government to the arrangements proposed of placing Sub-Engineer Virana in charge of the Godávari anicut and of granting him double horse allowance only, viz. Rupees 30 per mensem, in addition to his salary.

No. 6. ORDER THEREON, 21st January 1860, No. 167.

In modification of their orders of the 14th December 1859, No. 2906, so far as respects Sub-Engineer Virana, the Government now grant authority for that officer being placed in exclusive charge of the Godávari anicut, and for his drawing during the time he holds that charge, double horse allowance of 30 Rupees a month in addition to his salary. Under this arrangement, he will not draw any tentage.

(Signed) T. PYCROFT,
Chief Secretary.

No 8526

Canada" drawing during the time [illegible] the horse allowance, in addition to his salary and Allowance

From my letter above quoted it will be observed that a plan [illegible] projected for the arrangement of receiving Pilotage charge and transferring to them the Lighthouse Executive charge, in addition to the Inspection of the Ancient, and it was therefore with the view of confining the Civil Engineers charge to the Ancient only, and of his being granted double Horse allowance from this during the time he maintained that charge, that the sanction of Government was requested to the Executive Charge alluded to has been placed in charge of a first Class Inspector [illegible] no travelling allowance and addition to his Horse allowance is necessary for the latter Individual.

3. Under these circumstances I have the honor to recommend the sanction of Government to the arrangement proposed of placing the Civil Engineer Employed in charge of the Lighthouse Department and of granting him double Horse

and allowance only [illegible] Pilotage and no travelling Allowance in addition to his Salary.

I have the honor to be,
Sir,
Your most Obedt Servant,

20th December 1856

J. Bell
Civil Engineer

The Secretary to Government
Public Works Department
