No. 26. Proceedings of the Madras Government, dated 21st January 1860, No. 168,

By orders of Government dated 8th December 1857 No. 2283, and 22d September 1858, No. 1948, a total sum of 2,000 Rupees was placed at the disposal of Colonel Arthur Cotton, to carry on experiments on the Godâvari for the purpose of ascertaining the surface friction of boats; and on the 10th August last, Lieutenant Montgomerie of the Engineers was directed to proceed to Dauléswarum to pursue the experiments there. The Government now understand that the above grant is exhausted, and that Colonel Cotton has no money to continue the experiments under Lieutenant Montgomerie. They also understand that the expenses will not be more than 300 Rupees a month including Lieutenant Montgomerie's pay. Before authorizing a further advance to Colonel Cotton of 1,500 Rupees, the Government resolve to ascertain from the Chief Engineer whether he can spare funds for this purpose, and if so from what source. From Major Strachey's letter of the 27th November 1858, No. 5943 it is observed that the Government of India await the result of these investigations.

First grant.....	500
Second grant.....	1,500
Rs..	2,000
