No. 1500, dated 3rd August 1857.		828	9 7					This excess is owing 1st to the estimate having been framed by the municipal authorities whose rates are less than those in the Civil Architect's department, and 2ndly, to the small size and enhanced rate of the wall bricks supplied to the work. 1601	Jan. 18 1859.	2nd part or final bill for erecting a boundary wall on the south side only to the Hindoo burying place, sanctioned by Government in Ex. Mins. Cons. No. 661, dated 8th April 1857.		3	12 5					A detailed statement shewing the items on which there has been an excess is herewith submitted. Captain Hitchens reports that the chief cause of excess has been the small bricks supplied to the work, which necessitated the use of a larger number, and the employment of additional carts for their conveyance to the spot at which they were required. In addition to this about 40 Rupees is represented to have been expended on account of some extra work which was found to be necessary during the erection of the wall.
		Add the amount of 1st part bill already sanctioned by Government in Ex. Mins. Cons. No. 2762, dated 22nd Dec. 1858.		1,313	1 2
