*Proceedings of the Madras Government, Public Works Department,
for the month of January 1860.*

No. 137. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer ;
to the Secretary to Government, dated 17th January 1860, No. 9194.

With reference to the orders of Government, dated the 4th instant, No. 14, directing that a competent Accountant from the Central office with suitable assistance be sent up to investigate, adjust and report on the accounts of the Daulésvaram workshop, I have the honor to acquaint you that E. Tiruvéngada Mudali, the head auditor of the northern circle, who proceeded with Major Horsley, Deputy Chief Engineer on inspection to the northern districts has been ordered to be detained at Daulésvaram to be employed in the above duty, and that I have directed the District Engineer Gódvári to associate with Tiruvéngada Mudali, Madanagopála Pillai the ancient manager, who being extra to the District Engineer's office establishment could, it is believed, be conveniently spared for the joint performance of the duty of examining into the accounts of the workshop, which I consider they are quite competent to perform.

2. The District Engineer's attention has been particularly drawn to the instruction of Government in paragraph 2 of the above order, and he has been requested to employ such temporary additional aid as he may require for his own office, as well as for the duty assigned to Tiruvéngada Mudali and to report the same to this office.

3. All the correspondence and documents in the Central office connected with the subject of the discrepancy reported by Mr. Dykes to exist between the District Engineer's and Collector's accounts of expenditure on public works in the Gódvári division, were given to Tiruvéngada Mudali, when he proceeded with Major Horsley for investigation by him, and he has been now directed to proceed with and bring to a close the enquiry into the discrepancy in question.

4. Agreeably to the permission accorded in paragraph 3 of the order of Government under reference, the place of Tiruvéngada Mudali has been filled up by temporary appointments from members in the Central office, taking effect from the 10th instant, and I request that the Civil Auditor be authorized to pass the salary of Tiruvéngada Mudali (Rupees 150 per mensem) from the above date as extra to the establishment, until the completion of the duty to which he has been deputed.

5. By the above arrangement I have had an opportunity to provide temporarily for Subbaráya Mudali, a clerk in the Central office, who has been thrown out of employ from the 31st ultimo, in order to credit to Government his salary of Rupees 30 per month, in accordance with the directions in the orders noted in the margin. The salaries of the two other clerks referred to in these orders were credited to Government from the 30th September last, as reported in my letter No. 5109 of the 17th idem.

No. 138. ORDER THEREON, 28th January 1860, No. 224.

As requested in paragraph 4 of this letter, the Civil Auditor will be authorized to pass the salary of Tiruvéngada Mudali, viz. Rupees 150 per mensem, as extra to the establishment of the Central office from the 10th instant to the completion of the duty on which that officer is engaged.

2. The above Order and Proceedings of Government dated 4th January 1860 No. 14 will be communicated to the Civil Auditor for his information and guidance.

(Signed) T. PYCROFT,
Chief Secretary.
