*Proceedings of the Madras Government, Public Works Department,
for the month of January 1860.*

No. 141. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer;
to the Secretary to Government, dated 12th January 1860, No. 9078.

I have the honor to state in reply to the order of Government, No. 2955, dated the 20th ultimo, that previous to supplying the articles referred to therein to the irrigation company, a statement of the articles required by it was prepared in the Central office and forwarded to the Inspector General of Ordnance and Magazines to be priced, and as the value fixed by him on machinery and stores issued from the Arsenal of Fort Saint George for use in the Department Public Works, generally includes freight and other charges, it is believed that the rates fixed for the articles issued to the irrigation company were calculated on the same principle.

2. The sum paid into the Pay Office on account of the proceeds of the sale of the articles, has been credited in the Paymaster's accounts, under instructions from the Accountant General, to the head "remittances of the Public Works Department" and a corresponding adjustment will be made in the books of the Central office.

No. 142. ORDER THEREON, 28th January 1860, No. 226.

Ordered to be recorded.
