Proceedings of the Madras Government, Public Works Department,
8th November 1860.

No. 127. Read the following letter from J. ROHDE, Esq., Inspector General of Jails, to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated Ootacamund, 27th October 1860, No. 463 :—

SIR,

1. On the 23rd May 1860, No. 217, I had occasion to solicit from the Government an advance of Rupees (8,000) eight thousand, to enable me to continue the building of the new Prison at this station in anticipation of sanction for a revised estimate which the District Engineer had been requested to prepare. The sum of Rupees (8,000) eight thousand was then placed at my disposal, in addition to the sum of 30,000 Rupees, originally sanctioned.

O. G. 30th May 1860, No. 1,132.

2. I received from Mr. Fraser a revised estimate, amounting to Rupees 46,300; in this, however, was the omission of the godowns which had been shown in the sanctioned plan, but had not been included in the estimate. I, therefore, requested that these defects should be supplied, and, as much of the work had been completed, I likewise forwarded detailed drawings of the cell windows, doors, ventilators, gratings, &c., in order that a more accurate estimate might be formed.

Letter to Dist. Engr., 15th June 1860.

3. On the 18th August, at the desire of the District Engineer, I returned the copy of the revised estimate which I had received.

4. Not having yet received the corrected estimates and having only Rupees 3,412-13-2 in hand on the first of this month, I am obliged to beg a further sum to be placed to my credit with the Collector of Coimbatore.

5. I have enough money to carry on the work till near the end of the year, but would request that Rupees (3,000) three thousand additional may be placed at my disposal with the Collector to prevent the risk of my being delayed before the revised estimates are submitted for sanction.
