PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from JAMES FRASER, Esq., Collector of South Canara, to the Chief Engineer, Department Public Works, Fort Saint George, dated Mangalore, 5th October 1860, No. 11.

* *No.* 143.

I have the honor to acknowledge receipt of your Memorandum, of the 25th ultimo, and with reference to para. 4, Extract* Minutes Consultation, dated 21st January 1857, to report that I inspected the Burial ground at this station this morning, and found it in good order. The older Monuments, the inscription on one of which is of the year 1800, are in good preservation. From the dampness of this climate, some of them are covered with moss, and grass and weeds have sprung up in parts where the chunam has broken. The Church Lascars have been directed to clear them, and keep them so in future.
