Proceedings of the Madras Government, Public Works Department,
12th November 1860.

No. 208. Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. BOURDILLON, Esq., Secretary to Government, dated Chepauk, 3rd November 1860, No. 6,616:—

SIR,

1 Orginal letter dated 1st September 1860, from Chief Engineer Madras Irrigation and Canal Company.
1 do. do from do. dated 12th October 1860, No. 2.
1 do. from the District Engineer, Nellore, dated 20th October 1860, No. 2,139.

1. With reference to the Proceedings of Government dated 5th November 1860, No. 2,600, I have the honor to report for their information that Mr. Assistant Supervisor Walton has been permitted to resign his temporary appointment in the Irrigation and Canal Company, and to return to his duty as an Assistant Supervisor in the Public Works Department, Nellore.

2. The Chief Engineer, of the Canal Company appears to have been much dissatisfied with the manner in which Mr. Walton conducted his duties, as well as with behaviour to his immediate superior; but remarks, "that he believes him to be constitutionally inert," and that he does not attach much weight to the latter charge against him, "as there may have been much provocation."

3. The District Engineer of Nellore now reports that Mr. Walton arrived at Nellore on the 17th October 1860, and that he proposes posting him to the southern Range of the District.

4. I am much displeased at the manner in which Mr. Walton behaved himself while employed by the Irrigation and Canal Company, and have desired the District Engineer of Nellore to inform him that his conduct has been viewed with dissatisfaction by me, and that unless he exert himself and give satisfactory proof of amendment he will be degraded to the rank of Overseer

Sir,

Public.

With reference to the Proceedings of Government dated 5th November 1860 No. 2600 I have the honor to report for their information that Mr. Assistant Supervisor Walton has been permitted to resign his temporary appointment in the Irrigation and Canal Company, and to return to his duty as an Assistant Supervisor on the P.W.D. Establishment.

2. The Chief Engineer of the Canal Company appears to have been much dissatisfied with the manner in which Mr. Walton's

Contracts

conducted his duties, as well as with behaviour to his immediate Superior but remarks, "that he believes him to be Constitutionally inert;" and that he does not attach much weight to the latter charge against him, "as there may have been much provocation."

3. The District Engineer of Nellore now reports that Mr. Walker arrived at Nellore on the 1st October 1850, and that he proposes posting him to the Southern Range of the District.

4. I am much displeased at the manner in which Mr. Walker behaved himself while employed by the Irrigation and Canal Company, and have desired the District Engineer of Nellore to inform him that his conduct has been viewed with dissatisfaction by me, and that unless he exert himself and give satisfactory proof of amendment he will be degraded

to

to the rank of Overseer.-

Informs that Mr Pickett
Superintendent Watton has been permitted to resign his appointment under the Irrigation and Canal Company and to return to England on the R.M.S. Tasmore. Also states that as his Conduct has been complained of by Col. H. Cotton he does not consider that he could keep his accounts himself and therefore requests that a proper person may be appointed to audit the same.
