sheds for Artillery of No. 7 battery 14th Brigade Royal

MILITARY DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter:—

From the Chief Engineer, Sepakkam, 11th January 1860, No. 9003; to the Secretary to Government, Public Works Department.

I have the honor to forward for the consideration of Government, the accompanying Bill, amounting to Rupees

128-4, for the erection of three temporary sheds for the Artificers of No. 7 Battery 14th Brigade Royal Artillery at Saint Thomas' Mount.

Enclosures 5.

1 Memorandum from Inspector General of Ordnance and Magazines, No. 6965, dated 11th November 1859.

1 Do. No. 6961, dated 11th Do.

1 Bill with

2 Accompaniments.

2. The work appears to have been executed under instructions from the Inspector General of Ordnance and Magazines by Captain Desborough, the Officer Commanding No. 7 Battery, who it is observed from the Bill, received an advance of Rupees 100 from the Presidency Paymaster.

3. From Extract Proceedings of the Inspector General of Ordnance, No. 6961, dated 11th November 1859, it will be observed, that the Military Auditor General declined to pass the Bill in question, considering that the charge appertained to the Public Works Department, and should therefore be audited in this Office.

4. As however in their order No. 1678, dated 17th September 1856, the Government ruled that the expenses of repairing the Infantry Butt at Trichinopoly should not form a charge against the Public Works Department, and as in a subsequent Extract Minutes of Consultation, No. 446, dated 12th March 1858, it was further ordered that contingent charges should be debited to the Department, on which account they are incurred, it appears to me that the expenses connected with the erection of the temporary sheds above alluded to, is properly a Military contingent charge, and does not appertain to the Public Works Department.

ORDER, No. 209, 16th January 1860.

The Governor in Council sanctions the Bill for Rupees (128-4) one hundred and twenty-eight, and Annas four; and concurs in the opinion expressed by the Chief Engineer in the foregoing letter, which, with the Bill, will be transferred to the Inspector General of Ordnance.
