Government of Madras.

Public Works DEPARTMENT.

G.O. No. 2531 Press / Mis.

111-12
Dated 8-12 1860.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
8th December 1860.

No. 111. Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. SIM, Esq., Acting Secretary to Government, dated Chepauk, 28th November, 1860, No. 7,461:—

SIR,

1. The Iron Railings intended to be placed around a portion of the Government House compound having been received from England, and the Secretary of State for India, in his Despatch* No. 51, dated 21st August 1860, having approved of the proposition for substituting an open railing around part of the Government House grounds in lieu of the dead wall which previously intercepted the sea breeze, I have the honor to forward herewith an Estimate amounting to Rupees 20,250, framed by the District Engineer Presidency, of the cost of enclosing with a portion of these rails that side of the said compound where the wall has been removed as well as the portion bordering the sea.

1 Letter from the District Engineer, Presidency, No. 1,171, dated 12th October 1860.
1 Do. No. 1,440 dated 19th November 1860.
1 Abstract Estimate.
2 Plans.

* Communicated in Proceedings of Government, No. 2,248, dated 1st November 1860.

2. Of the two boundaries shown in the accompanying plan, it is proposed to adopt the line A B D E, leaving out the Tannah, as the piece of road extending from B to D is now a public thoroughfare, and should not be enclosed.

3. The above Estimate, I beg to observe, includes the cost of the rails, Rupees 15,650, at the rate of Rupees 5 per running foot, but as these have already been paid for in advance under the orders of Government noted in the margin, and as their cost is to be recovered eventually by the sale of building allotments within the Chepauk compound, this sum I would suggest, should be excluded, and the remainder only, or Rupees 4,600, entered in the Budget of 1861-62 for execution in that year.

Proceedings of Government, dated 25th May 1860, No. 1,095, dated 24th July 1860, No. 1,584.

4. The Estimate has been duly examined in this Office and found correct.

No. 112. ORDER THEREON, 8th December 1860, No. 2,531.

The Honorable the Governor in Council approves of the plan for the erection of the cast-iron Railings around a portion of the Government House compound at a cost of Rupees 4,600, and grants authority for the disbursement of the amount by the Sub Treasurer, as an advance to be re-paid hereafter from the proceeds of the sale of building allotments in the Chepauk compound.

(Signed) J. D. SIM,
Acting Secretary to Government.
