*Proceedings of the Madras Government, Public Works Department,
8th December 1860.*

No. 117. Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. SIM, Esq., Acting Secretary to Government, dated Chepauk, 28th November 1860, No. 7,426 :—

SIR,

1. I have the honor to submit for the information of Government, a letter from the Superintendent of Operations at Paumben, reporting the death at Jaffna, on the 8th November 1860, of Mr. F. G. Danvers, the Engineer in charge of the Dredge now being worked at that port.

2. To supply Mr. Danver's place, I have directed Mr. Clements, 3rd Class Mechanical Engineer, to hold himself in readiness to proceed to Paumben as early as possible, with a view to his passing over to Jaffna and taking charge of the Dredge before any injury may be effected to her machinery through the inexperience of the young man, Mr. Beale, at present in charge.

3. By this arrangement the salary hitherto paid to the Engineer in charge of the Dredge, will be saved to Government, and the services of an experienced mechanic secured for the purpose.

4. To prevent delay I propose that Mr. Clements should proceed by sea to Paumben, there obtain his orders from Captain Gib, and, immediately afterwards, cross over to Jaffna; and I have accordingly the honor to request that the Superintendent of Marine may be authorized to provide a passage for Mr. Clements and his family on the first vessel sailing hence for Paumben.

No. 118. ORDER THEREON, 8th December 1860, No. 2,534.

The Government authorize the Superintendent of Marine to provide passage to Paumben, in the first vessel proceeding to that port, for 3rd Class Mechanical Engineer Clements and his family.

(Signed) J. D. SIM,
Acting Secretary to Government.

Secure

I have the honor to submit for the information of Government a letter from the Superintendent of Operations at Panambur, reporting the death at Jaffna on the 8th November 1868 of Mr F. J. Danvers, the Engineer in charge of the Dredge now being worked at that Port.

2. To supply Mr Danvers's place, I have directed Mr Clements, 3rd Class Mechanical Engineer, to hold himself in readiness to proceed to Panambur as early as possible, with a view to his passing over to Jaffna and taking charge of the Dredge before any injury may be effected to her Machinery through the inexperience of the young man, Mr Beale, at present in charge.

3. By this arrangement the salary as hitherto paid to the Engineer in charge of the Dredge

will

will be saved to Government, and the services of
an Experienced Mechanic secured for the
purpose.

4. To prevent delay I propose that
Mr Clements should proceed by Sea to Pambour,
there obtain his orders from Captain Gib, and,
immediately afterwards, cross over to Jaffna;
and I have accordingly the honor to request
that the Superintendent of Marine may be
authorized to provide a passage for Mr Clements
and his family on the first Vessel sailing hence
for Pambour.
