No. 129. Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. BOURDILLON, Esq., Secretary to Government, dated Chepauk, 15th November 1860, No. 6,989:—

SIR,

With reference to the orders contained in paragraph 2 of the Proceedings of Government, No. 2,124, dated 11th October last, requesting  
1 Letter from District Engineer, Presidency, No. 1,336, dated 2nd November 1860. to be informed whether it is necessary to detain  
1 Do. No. 1,358, dated 6th November 1860. the Sappers longer at Madras, there being so little work now going on to the Fortifications, I have the honor to state for the information of Government, that one full Company of the Sappers is still required and will be required for some time to come on the Fortification works on the south or Saint Thomé side, the repair of which is now in progress, the sum remaining for this work in the current year's allotment being about 60,000 Rupees; and that in addition 40 or 50  
Letters Nos 1,336 and 1,358, dated 2nd and 6th November 1860. Sappers are required for two or three months by the District Engineer, Presidency, for the demolition of the Black Town walls, ordered to be proceeded with in the Proceedings of Government No. 1,341, dated 11th September 1860, Public Department, with a view to the sale of further allotments.

No. 130. ORDER THEREON, 10th December 1860, No. 2,510.

Under the circumstances stated the Government consider that it will be sufficient if one Company of Sappers and Miners be detained in Madras as the further demolition of the Black Town walls and any other works connected with the People's Park might be done by means of contract, a few of the Sapper Company retained being employed for blasting and similar operation. The Chief Engineer is requested to communicate with the Park Committee on the latter subject and submit their opinion with his own. The papers will be transferred to the Military Department for submission to His Excellency the Commander-in-Chief.
