"		Removing the accumulation of mud from the bed of the Kúam river by the Dredge boat and supplying small articles for working the Dredge, and constructing deck house.	836 10 11
Total Rupees.....			3,341 7 4
Estimate of Rupees 665 of the monthly cost of working the Dredge (which also provided for the conveyance of the soil raised from the bed to the bank of the canal) was submitted to Government for sanction. On the 6th July 1860, No. 2,423, it was reported to Government by this Office that in consequence of the shallow state of the river the Dredge was unable to work, and that consequently operations were suspended till the depth of the river permitted of their being resumed.			
The quantity of mud removed by the Dredge for the amount of this Bill was 1,200 cubic yards, but the following items are also included in the charge:—			
For carting the earth.....			Rupees 183
For Wooden cover for the Mechanical Engineer.....			" 115
For Hides for the use of the Dredge.....			" 51
			Rupees... 349
Central Office of P. W. Chepauk, 5th December 1860.			(Signed) W. H. HORSLEY, Lieut.-Colonel, Chief Engineer.
