No. 526, 15th May 1860.
No. 95, 2nd June 1860.

Detailed Estimate	Rs. 1,755
Altered in Central Office to ..	1,770
Sanctioned Estimate	<u>1,350</u>
	420

6th July 1860.

22nd June 1860.

1. In the Order of Government No. 1,220, dated 11th June 1860, was communicated the sanction accorded in the order in the Military Department, No. 1,942 of the 28th May 1860, for the erection, at the cost of Rupees 1,350, of certain additional temporary buildings, which are marginally* noted, required for the Detachment of Artillery at Waltair.

2. Detailed Estimates had not been received when I addressed Government, but were forwarded by the District Engineer shortly afterwards, and the totals of the same were found to exceed the sanctioned amount by Rupees 420.

3. This was partly owing to the dimensions of the buildings as given by Major General Tulloch not having been adhered to, in explanation of which the District Engineer states, that he first made a rough plan and Estimate, to enable the Officer Commanding the Division at once to communicate on the subject of the buildings with His Excellency the Commander-in-Chief, and that, in maturing the same, he found that the dimensions laid down (and which in fact he had himself given to the Major General) were not suitable, and they were altered accordingly.

4. A further cause of the excess was, "that the Officer Commanding the Artillery applied for some additions and "alterations," which, however, are not specified.

5. I have now the honor to forward a letter from the District Engineer, submitting a revised Plan and Estimate Rupees 605, countersigned by the Officer Commanding the Division, for the Lines for sick Horses, as the Officer Commanding the Battery had applied for two loose boxes, and a wall along the middle of that part of the building allotted to stabling, and that the Dispensary should be enlarged, and that a Lock-up room for tools, &c., should be provided.

Rupees.....	605
"	440
"	<u>165</u>
Rupees	165
"	420
	<u>585</u>
Rupees	1,350
"	585
"	<u>1,935</u>
+ Rupees 4,317.	

6. This Estimate is in excess of that already prepared for Horse Sick Lines by Rupees 165. It was shown in paragraph 2 that the Government sanction, Rupees 1,350, for the whole of the additional buildings is 420 Rupees less than the detailed Estimate, so that it becomes now necessary for me to solicit that further sanction may be granted for the sum of Rupees 585, making the total required for the additional buildings Rupees 1,935, to be defrayed from the balance† remaining from the fund at the disposal of Government to cover supplemental and emergent charges on isolated works.

7. The Estimates have been duly examined in this Office, and the rates have been found suitable.

8. The buildings abovementioned have been proceeded with under the original sanction of Government, and as the additions appeared to be urgently required, the District Engineer was directed to proceed with them also, and furnish full explanation when forwarding the Bill for the same, which, I trust, will meet the approval of Government.
