*Referring for orders a letter from the Principal Inspector General, Medical Department, relative to keeping up of a Dispensary at Dowlaishwaram.* (Here enter 15th November 1860, No. 2,365.)

ORDER THEREON, 10th December 1860, No. 1,775.

Resolved that the usual Tabular Statement be forwarded to the Government of India, with the recommendation of this Government in favor of the Establishment required for the Dispensary at Dowlaishwaram at a cost of Rupees (10-12) ten and Annas twelve per mensem, on the following grounds:—

2. "When the Godavery works were commenced, a Hospital was built at Dowlaishwaram out of the Annicut funds, and, under the sanction of the Government of India in April 1852, an allowance of Rupees 200 per mensem was drawn by the Commissioned Medical Officer attached to the Annicut to afford medical aid to the Public Establishments and laborers employed on the works. This allowance was, however, in February 1855 reduced to Rupees 160 per mensem, and in November 1858 a 1st Dresser, and since then, in lieu, a 2nd Dresser was appointed to do duty at the Hospital. Besides, an Establishment as per column 5 was attached to the Hospital and, prior to February 1860, paid from the Annicut funds—but as this arrangement is irregular and as the Establishment now asked for constitutes that ordinarily required for Hospital purposes, sanction to it is recommended.

3. It appears that four-fifths of the patients treated at the Hospital belong to the Engineering Establishments including the servants of the European officials and their families, and that the remaining portion are the residents of Dowlaishwaram—numbering in all 740 patients annually—and, as the Hospital there of the Sappers and Miners is purely a Military one and is, it is stated, insufficient for the accommodation even of its own patients, a Civil Hospital at the station for the treatment of the sick connected with the Department Public Works is considered necessary."
