*Proceedings of the Madras Government, Public Works Department,
19th December 1860.*

No. 243. Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. SIM, Esq., Acting Secretary to Government, dated Chepauk, 8th December 1860, No. 7,786 :—

SIR,

Although Chapter XII of the new Code provides that Cash and Government Promissory Notes given as security by Subordinates of this Department are to be deposited with the several Collectors, yet nothing is said in it regarding the hardly less valuable Bonds of Indemnity and Memoranda of Agreement executed by these public servants, and it occurs to me that these documents should also be deposited for safe custody with the same authorities, and I would also suggest a like course being followed with the Indentures of the various Apprentices employed under the District Engineers under the authority of Government, dated 11th May 1860, No. 977, I have the honor accordingly to request you will be good enough to obtain the sanction of Government to the above proposition, when I shall issue the necessary instructions upon the subject to the several District Engineers.

No. 244. ORDER THEREON, 19th December 1860, No. 2,599.

The Government approve and sanction the proposition made in this letter, and request that the Chief Engineer will issue orders accordingly.

(Signed) J. D. SIM,
Acting Secretary to Government.
