*Proceedings of the Madras Government, Public Works Department,
19th December 1860.*

No. 255. Read the following Proceedings of the Madras Government in the Military Department, dated 12th December 1860, No. 4,487:—

Approve for immediate execution an Estimate of Rupees 86
for laying a new line of Zinc Pipes with Brass Cocks, &c.,

MILITARY DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter:—

From the Chief Engineer, Chepauk, 4th December 1860, No. 7607; to the Acting Secretary to Government, Department Public Works, Fort Saint George.

I have the honor to submit an Estimate amounting to Rupees 86, received from the District Engineer Presidency, for laying a new line of

- Enclosures 5.
- 1 Letter from District Engineer Presidency, No. 1337, dated 2nd November 1860, with one enclosure.
 - 1 Letter from District Engineer Presidency, No. 1487, dated 23rd November 1860, with one enclosure.
 - 1 Abstract Estimate.

Zinc Pipes with Brass Cocks, &c., in the Shot yard opposite the Garrison Dispensary in the Fort.

2. It will be observed from the annexed copy of a letter from Doctor Chipperfield, that the use of the watercock in the Fort Dispensary by the servants of the families residing in that vicinity and the casual passers by, has proved to be a great hinderance to the cleanliness of the building in question, as well as the cause of injurious effects on the Medicines therein exposed. He therefore suggests that another cock should be erected in the open space opposite his quarters, at present partly occupied with Shot and Shells. This proposition the Major General Commanding the Division has entirely approved of and directed that it should be carried out with as little delay as possible, vide copy of the Brigade Major's letter No. 4300, dated 27th August last.

3. The expense of the work being small, I beg to recommend that the Estimate for the same, which has undergone the usual examination in this Office, may be sanctioned for immediate execution, from the General Fund at the disposal of the District Engineer Presidency.

ORDER, No. 4487, 12th December 1860.

Approved for immediate execution.
