AB

No. 325. Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. SIM, Esq., Acting Secretary to Government, dated Chepauk, 13th December 1860, No. 7,960:—

SIR,

1. With reference to paragraph 9 of the Proceedings of Government, No. 1,913, dated 13th September 1860, authorizing the District Engineers, with the concurrence of the Collectors, to alter the distribution of the funds assigned for new works and repairs with reference to the real wants of the District, I have the honor to report that the District Engineer of North Arcot has communicated to this Office his arrangements for allotting the expenditure on new works and repairs in his District, which are approved of by the Collector and myself, but the following proposals therein contained I have to submit for the sanction of Government.

2. In Budget No. 2 of 1860-61, item No. 111 a sum of Rupees 1,216 is allowed for the road from Wallajanagar to Banavaram, of which Rupees 228 has been expended. This road ("properly called Wallajanagar road to Banavaram") is the same as No. 5 of the seven roads, transferred to the local funds, under the orders of Government No. 1,811, dated 29th August last, and instead of cancelling the unexpended balance, Rupees 988, Captain Prendergast proposes to allot the same for the expenditure on the road from Arcot to Arnee during the current official year, as reported by me in a separate letter No. 7,939, dated this day.

3. In their orders last quoted, Government directed the transfer of seven roads as per margin to the local funds to have immediate effect. Captain Prendergast considers, and the Collector concurs with him, that the expenditure for 4 months or $\frac{1}{2}$ of the allowance for these roads for the current official year, viz., Rupees 3,118, should be defrayed by Government, and the difference, Rupees 6,256, go towards meeting the required reduction in his District. It appears to me to have been the intention of Government to bear this expense up to the date of their order transferring the roads to the local fund, and if this be correct, Captain Prendergast's arrangement stands good.

4. As I see no objection to the proposals above made being carried out, I have to request the approval and sanction of Government to the same.

No. 326. ORDER THEREON, 22nd December 1860, No. 2,638.

The arrangements proposed in this letter in connection with the distribution of funds for Public Works in the District of North Arcot, are approved.

(Signed) J. D. SIM,
Acting Secretary to Government.

Chief Engineer P.W.

Public

To

J. D. Sim Esq.
Acting Secretary to Government P.W.
Fort Saint George

Sir,

With reference to para 9 of the Proceedings
of Government N^o 1913, dated 13th September 1860,
authorizing the District Engineer, with the concurrence
of the collector, to alter the distribution of the funds
assigned for new works and repairs with reference to
the real wants of the District, I have the honor to report
that the District Engineer of North Arcot has
communicated to this Office his arrangements for
allotting the expenditure on new works and repairs in
his District, which are approved of by the collector and
myself, but the following proposals therein contained
I have to submit for the sanction of Government.

2. In Budget N^o 2 of 1860/61, Item N^o 144,

10/10/1911

- 1 Thellur to Kongeram
- 2 Kallaiyazhuzer to Sholingar
- 3 Pallikonda to Palmanair
- 4 Senca to Kalispatt
- 5 Banavararam to Sholingar Road
- 6 Uringipuram to Trunk Road No. 1
- 7 Santa Jotta to Trunk Road No. 11

The Angles

As I have no objection to the proposals
now being carried out, I have to request the
approval and sanction of Government to the same.

Sir
Ch. Eng. Central Office
