Proceedings of the Madras Government, Public Works Department, for the month of February 1860.

No. 43. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer; to the Secretary to Government, dated 27th January 1860, No. 9678.

Paragraph 8 of the Honorable Court's letter, dated 30th August No. 44 of 1854, and Extract Minutes Consultation, dated 18th December 1855, No. 2605, P. D.

Paragraphs 2 and 3 of Honorable Court's letter, dated 1st September No. 47 of 1858, and Extract Minutes Consultation, dated 5th November 1858, No. 1357, P. D.

With reference to the orders of Government noted in the margin, passed on despatches from the late Honorable Court of Directors, relative to the cost of all buildings for the purposes of education, which may be directed at the public expense being charged against the "General Education Fund," I have the honor to submit for the consideration of Government, whether this fund may not be debited with the cost of the improvements to the building called the Makkama at Sēpákkam, intended for the residence of the Principal of the Civil Engineering College, entered in the budget of 1860-61, as per order of Government, dated the 13th instant, No. 95, and of the repairs to the Toshákhāná, intended for the accommodation of the military students under instruction in the College, for which Rupees 3,330 was sanctioned in order of Government of the 13th instant, No. 102.

Order of Government 5th January 1860, No. 40.

2. These students being under instructions from Government, intended for employment in any department of the service, it appears to me that the cost of the buildings for their accommodation is chargeable directly to the education department.

3. Should the Government decide on the transfer of the abovementioned charges as recommended by me to the "General Education Fund," it will be necessary that in the budget of 1860-61 some other important work should be inserted in lieu of the estimate for Rupees 19,500, of which Rupees 17,000 were included in the revised budget list for expenditure in next year.

No. 44. ORDER THEREON, 3rd February 1860, No. 277.

The Government see no reason why the cost of the buildings referred to in this letter should not be charged to the Education Fund, as proposed by the Chief Engineer and authorize its being done accordingly.

Chief Secretary.
