PUBLIC WORKS DEPARTMENT.

No. 27 of 1860.

TO THE RIGHT HONORABLE THE SECRETARY OF STATE FOR INDIA.

RIGHT HONORABLE SIR,

1. In the second paragraph of our letter of the 4th April, No. 13, we acquainted you that we had called on our Chief Engineer for his professional opinion whether the Mári Tank forms a proper part of the system of works, in connection with the Tumbaddra, to be undertaken by the Irrigation Company. We now transmit copy of a letter* from that Officer, in which he states his decided opinion (paragraph 22) that the Mári Tank is properly a part of that system of works. Under these circumstances, we beg to recommend that the construction of the Tank should be entrusted to the Company, and that they may be empowered to augment their guaranteed capital to the amount necessary to include the execution of that work.

Proceedings of Government	1st August 1859,	Nos. 24 to 26.

"	" 19th March 1860,	" " 143, 144.
"	" 25th April	" " 63, 64.

*Dated April 27th, 1860.

Proceedings of Government 15th May " No. 1,013.

2. You are aware that the site of the proposed Tank is in Mysore; and as that Territory has not been placed under our authority, as directed in your Despatch to the Government of India noted in the margin, it will be necessary that your Orders on our present recommendation should be addressed to the Government of India.

8th February 1860, No. 5.

3. Colonel Bell's letter now sent, laid before us also the Report of a Commission appointed in pursuance of the Order of the Government of India, dated 15th September 1859, No. 6,473, to investigate and report on certain questions connected with the proposed Mári Tank. The Commissioners report that the Tank will not injuriously affect existing interests in Bellary, and Colonel Bell concurs in that opinion, on the supposition that proper measures will be taken as respects the construction and the conservation of the Tank.

We have the honor to be,

Right Honorable Sir,

Your most obedient humble Servants,

FORT SAINT GEORGE,
16th May 1860.

in which he states

his

LETTER TO THE RIGHT

his decided opinion (Para 22)
that the Mari tank is pro-
perly a part of that system
of works. Under these
circumstances we beg to recom-
mend that the construction
of the tank should be en-
trusted to the Company,
and that they may be
empowered to augment
their guaranteed capital to
the amount necessary to
include the execution of that
work.

2 You are aware that
the site of the proposed
tank is in Mysore, and
as that territory has not
been placed under our au-
thority, as directed in
your Despatch to the
Government
