I have the honor to forward for submission to Government, with reference to my letter dated the 13th December last, the accompanying letter from the District Engineer of Cuddapah bringing to notice further injury which the works of irrigation have suffered from the late heavy rains, and requesting permission to entertain in the absence of passed candidates competent persons as temporary Sub-Overseers to fill vacancies in the department on the present emergency.

" 24th do. "	" 973.	

2. Detailed estimates for the repair of some of the damaged work, the amounts of which exceed the highest years revenue, have been received and will be disposed of in due course, and I have now to request the confirmation of Government to the appointments made by the District Engineer of Bábu Raó and Gáffer Khan, as temporary Sub-Overseers, 2nd class, 3rd grade.

3. It appears that Bábu Raó knows no English, but that he understands the system of keeping the Public Works accounts, and has had some experience in superintending works having been maramut gumashta under the Collector; a temporary Sub-Overseer in the department, and as acting gumashta in the District Engineer's office.

4. Gáffer Khan was, it appears, a gumastah under Assistant Overseer Thorpe; as a writer under Mr. Wall, the Government meniral viewer, and as a maistry on the Ballári frontier road, and appears to have rendered satisfaction.

5. I have the honor to request the sanction of Government to their appointments, to enable the Civil Auditor to pass their salaries until passed candidates shall be found to fill the vacancies permanently.

No. 140. ORDER THEREON, 10th February 1860, No. 325.
