SIR,

I am directed to report, for the information and approval of the Government of India, that on the strong representation of the Collector of Malabár of the urgent necessity of completing, without any delay, as far as Malliapuram, the communication from Calicut to Mandúr on the trunk road to Pálghát, which has been stopped for the present for want of funds; the amount set apart for it, out of the budget sanction for the current year having already been expended, this Government have authorized an advance to the District Engineer of Rupees (10,000) ten thousand for that purpose, in anticipation of the budget for 1860-61, in which a sum of Rupees 20,000 will be proposed for expenditure on the entire communication during the year.

2. The expediency of early completing the road in question was fully explained in paragraph 33 of the budget report for 1859-60, to which I am to refer you. I am also to transmit the original correspondence submitted by the Chief Engineer, with his letter 19th ultimo, No. 9300, of which a printed copy is enclosed. It will be observed that present delay would necessarily result in the postponement of operations till November next.
